## Plain-language Explanation (English)

Eligible. Reason(s): Eligible for immunization (Child under 5 and registered).; ■ Policy Reference: 4.11.1 Though undesirable but many children in Pakistan failed to complete their routine vaccination schedule within the recommended age. Children of higher age group remain unvaccinated or partially vaccinated for various reasons leading to potential outbreak. These children require completing their vaccination schedule as appropriate for their age. According to WHO guidelines for interrupted or delayed routine immunization (2021) and local country context, guidelines for vaccinating children aged above one year with different antigens is given below. ■For BCG, 1 dose should be given till the age of one year, however, BCG is not recommended for above one year. ■For bOPV, 3 doses with at....
